NO-COST CONSUMER PROTECTION SOLUTION FOR CRYPTO FI'S & MSBS

What's your plan to help victims of crypto fraud?

Don't turn customers away when they fall prey to fraud. Give them a solution so they're not victimized again by scam recovery companies. Providing your customers this avenue will show you care and you're trying to do your part in protecting consumers. It's a win-win for everyone .

If your conversations with victims often read like this...

"Sorry, but you sent your funds off platform. At this point there's nothing we can do to recover them. Try reporting it to the FBI."

...then CoinStructive's no-cost solution is just the right thing for you. Just refer your customers to us and you can rest assured we'll take it from there.
